

time

is a precious commodity

But you find yourself **stuck doing administrative tasks** that leave you exhausted with **little time for one on one with clients.**

The insurance industry continually faces ongoing major regulatory changes.

Orchid Risk provides competitive insurance and risk management solutions to independent Short term Insurance Brokers. We combine software, business and data process services to assist all of our FSPs to maximise your business opportunities.

We provide solutions that support the entire insurance value chain, from quotation to claims management.

RUNNING YOUR BUSINESS

MAKING MONEY

focus

on client relationships
